Arched opening worksheet

Heritage & Decorative Timber Products | Enquiry preparation

Measure side drops and centre drop from the same top reference.

Record unequal sides separately. Confirm the dimensions required for the job.

Schematic measuring aid only; no product size or structural suitability implied.

Opening reference

Clear opening width (mm)

Centre drop from common top reference (mm)

Left-side drop (mm)

Right-side drop (mm)

Quantity and photograph reference

Label photographs A, B, C to match this sheet. Do not include payment details.
